A female drunk was run in by the police last night.
JAMES JACK has been appointed a salary public for Salt Lake county.
WILEY is said to be a rather scarce article in the southern country.
WELLS, PARGO & Co's shipments yesterday were: Base ball, \$1,750.10.
The Co-op Furniture company have got the best bed-lounge in the city.
Why not step into 18 Main street for drugs to-day? Johnson, Pratt & Co.
MR. AND MRS. Geo. F. BROWN have returned home from their trip to the coast.
Do you wear narrow width shoes, the only full assortment is at Spencer & Kimball's.
L. G. LOBO, of Koonharum, was yesterday appointed a salary public for the county of Piute.
Over fifty different kinds and qualities of whitewash brushes selling at cost at C. W. Allen & Bros.
"A bottle of Stowers Lime Juice Cordia, an exceedingly beautiful and pleasant summer beverage." Z. C. M. L. drug store.
Is the Third district court yesterday, a decree of divorce was granted in the case of Edna J. Rayburn vs. William Rayburn.
In the SUNDAY HERALD it was stated that a couple of the Marmets boys had bought out W. D. Bowring & Co. It should have read, E. Bowring.
They have been indulging in a cool way in the north. The temperature yesterday morning dropped 15 degrees. There was a marked decrease in the temperature of this region also.
It is now said that the Liberals will include in a big pork-own on Monday evening next, when delegations will be present from Ogden, Park City, Brigham, Murray and other outside villages.
Among the arrested on Monday for illegal voting, THE HERALD gave the name of Dr. John J. McLaughlin, who was charged. The doctor says his vote was challenged, but he was not arrested.
"Even nature smiles," said a Liberal as he watched the rain during the brief but welcome shower of yesterday. "Even the heavens weep," remarked a People's voter standing near. And there was a cooing between them.
SUNDAY SCHOOL OFFICERS state that he is besieged on every hand for water. He is located on the corner of 1st and 2nd streets, and in fact wherever he goes, by people begging for water to keep their homes and families alive.
The City council met yesterday afternoon and last night as a board of equalization and made about one hundred judgments. They met again at 8 o'clock to-night and will continue to meet every evening until the equalization has been completed.
SUNDAY SUNDAY'S report of yesterday's temperature is as follows: At 6 a. m.—Salt Lake City, 74; Helena, 50; Fort Carter, 60; Fort Washington, 60; Rawlins, 50; Ogden, 50; Stockton, 40; Brigham, 50; Park City, 80; Provo, 80; Alta, 40.
THE HERALD owes an apology to the public for being short of copies on a big day yesterday. The fact was that a big extra edition was ordered, sufficient, it was thought to supply the demand, but at the last moment yesterday morning a tremendous order from the Salt Lake city, Ogden, and other outside villages, and the extra left for Salt Lake were only as a drop to a bucket. Two thousand extra copies could have been sold by the newspaper at the time. A limited number of second weeklies containing details of the fight are to be had at the office.
The Brigham Young academy opened on Monday morning with an attendance of about one hundred students and visitors. This considering the heat of the season, may be called a very large turnout and the prospects are the number will be greatly increased during the coming week. This is the best showing that has ever been made on opening day. The students were mainly of the advanced grade, many being teachers and graduates of the academy. The students came to take a finishing course in the academy. Judging from present indications the present year bids fair to become one of the most successful the academy has ever seen.
A DELEGATION of thirty-five members of the Ancient Order of Foresters from California were met in Ogden yesterday by C. H. Spencer and brought to this city, where they were entertained by the local organization. During the day carriage drives over the city, an excursion to the lake and other amusements were in order, and at night they were entertained right royally at the lodge room. Toasts, speeches and songs were indulged in, and the evening was passed most pleasantly to heart and soul. The party is on its way to attend the biennial session of the subsidiary high court to be held at Minneapolis, beginning next Tuesday. C. H. Spencer is in charge of the delegation.
For two weeks past fires have been raging in the mountains around this valley, and every morning for the last week the valley has been filled with smoke. The smoke and shingle in the mountains east of here are in imminent danger of being burned up, and it is supposed that Parley Neeley's saw mill has been destroyed, and as flames were entering the mill, and fifty yards of the buildings, half a mile wide, and going straight toward the mill when the men buried their barbed wire and lumbered and lumbered, and lumbered, and it is probable that some, if not all, of the other mills will be burned. Hundreds of acres of the very best timber the territory affords are now being swept away by the fire. The fire is still burning. It is thought the fire was started by sheep men, as we are informed that one of these individuals saw the timber on fire, and it is thought that he set the timber on fire to get it out of the way in order to make a sheep range there. What kind of protection is this? Government protects sheep men against foreign competition in wool and the protected parties destroy the sheep and make a range for their sheep. The matter should be looked into.—Frank Wase.
